CONTINENTAL LIME INCORPORATED
PO BOX 966
DELTA UT 84624

Dear Mr. Dobson:

On July 23, 1993, a field compliance inspection was conducted on Continental Lime's mining notice, UTU-070653 (formerly UT-057-25N), in T. 21 S., R. 9 W., Section 1. This notice was accepted by our office on July 15, 1985, under the 43 CFR 3809 regulations for surface management. Based on this inspection, we have determined the surface disturbance related to your mining operations has been satisfactorily reclaimed. Therefore, this notice case file is closed.

If you restart any mining related activity that causes surface disturbance, then you must re-notify this office at least 15 days prior to the start up of your operations.

Thank you for submitting your notice and for your support in proper management of public lands.

Sincerely,

For Rex Rowley
